SCHOOL OF ART**

## Our Agents

The Glasgow School of Art works with a range of approved agents that help applicants select the most suitable institution and degree programme including providing assistance with their application. Full list of the agents we work with can be found in this PDF

### UK Agent Quality Framework

The Glasgow School of Art is proud to be a signatory to the UK Agent Quality Framework (AQF).

Jointly led by the British Council, British Universities International Liaison Association (BUILA), UK Council for International Student Affairs (UKCISA), and Universities UK International (UUKI), the AQF has been put in place following extensive research with students, education providers, education advisers and agents.

The framework is designed to enhance, promote, and share best practice between the UK education sector and agents for assisting students in their applicant and learner journey. Embodied within the AQF is the National Code of Ethical Practice for UK Education Agents.
