- 4.5 The expectation is that reserved business is kept to a minimum as student participation in Boards of Studies is a fundamental aspect of GSA's approach to quality assurance, quality enhancement and to improving the student experience. For example, reports of External Examiners should normally be discussed as part of open business.
- 4.6 Boards of Studies are asked to ensure that an explanation of the nature of items considered to be reserved business is given to Student Representatives as part of their induction to Boards of Studies.
